

Laura Cesar - Press Quotes

Laura Cesar was effective on two levels; her strikingly clear and taut bass lines fit in well with the rhythm section as a supporting and accompanying component, while at the same they are of such melodic quality as if they were part of a collective improvisation. The way she built her solo parts was just as clear and strongly expressive." — (jbl) Aargauer Zeitung, 02.10.03

"Laura Cesar possesses what many bassists wish for; a strong beat and superb sense of time at all tempos." —Jazzart
